MHC Drupal User Manual: Embedded Media

The **Embedded Media** content type may be used to embed media from one or more of these media sources (after you have uploaded your videos or photos to those accounts):

- YouTube
- Vimeo
- Flickr photo slideshows

Here are two examples of what an embedded media page may look like:

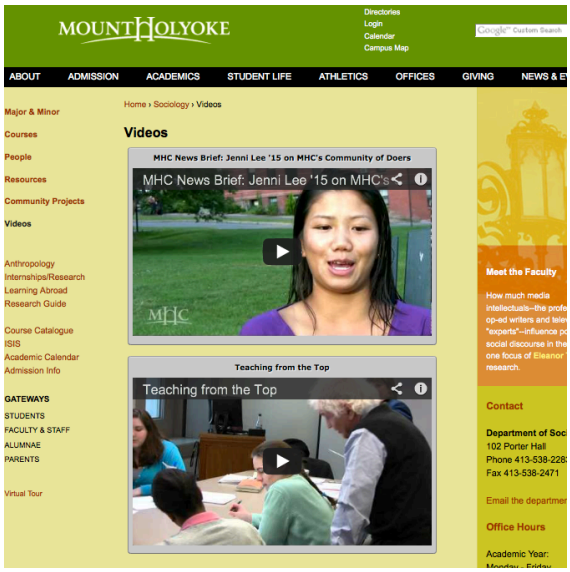
The Inauguration of Jonathan Lash, Hampshire College
April 27, 2012
President Lynn Pasquerella '80 brings greetings for the Five Colleges in celebration of President Lash's inauguration.
Are the Humanities Now a Luxury?
November 10, 2011
President Lynn Pasquerella '80 was the opening plenary speaker at the American Conference of Academic Deans and the Phi Beta Kappa Society fourth biennial conference, held at the Francis Marion Hotel in Charleston, South Carolina.
A Message from President Pasquerella '80



Create an Embedded Media Page

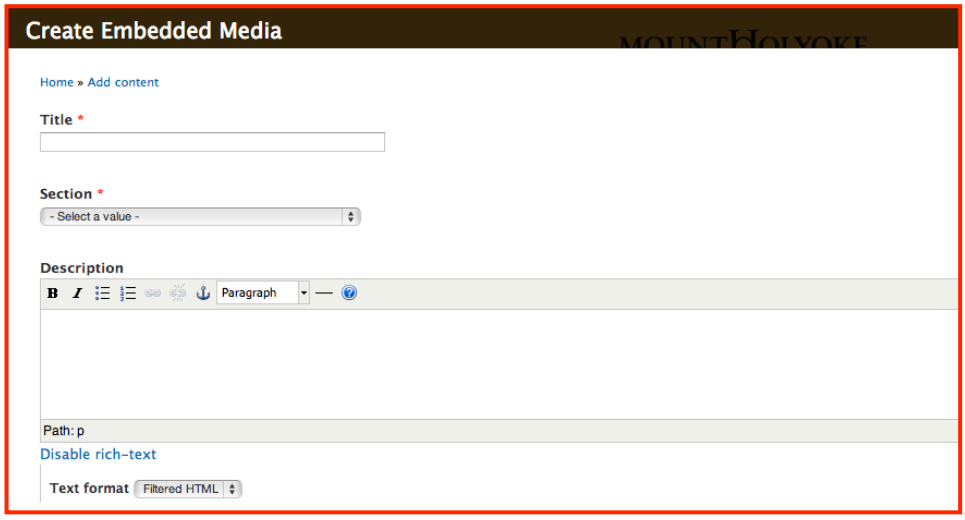
A. Select **Add Content**.

1. Once you have logged-in, select the **Add content** link, located at the top left of the menu.

2. You will see a list of the page types you can create. This list reflects the privileges assigned to your Drupal user account.

3. Select **Embedded Media** from the list of content types.

4. The results (new page) will look similar to this:



a) Under **Title**, add in the title of the page.

b) Under **Section**, select the appropriate value (your section of the web) from the drop-down list.

c) Under **Description**, put in content that will be shown above the video/slideshow. You may leave it blank, or write a descriptive sentence, a short paragraph, or a whole article.

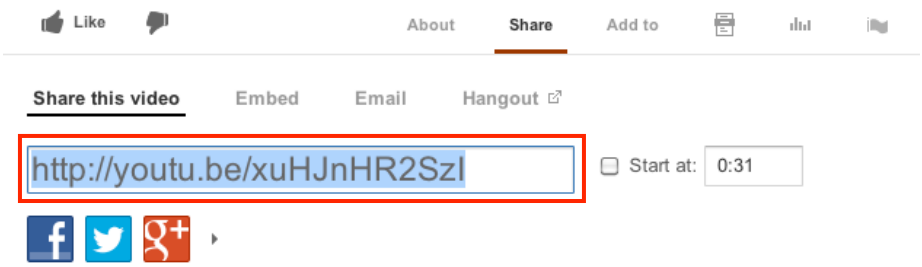
B. YouTube

To insert media from YouTube**:**

1. Open a new browser window.
2. Find the YouTube video you want to share.
3. Click on **Share** under the video, next to **About**.

4. You will find the **URL** you need under **Share this video**.



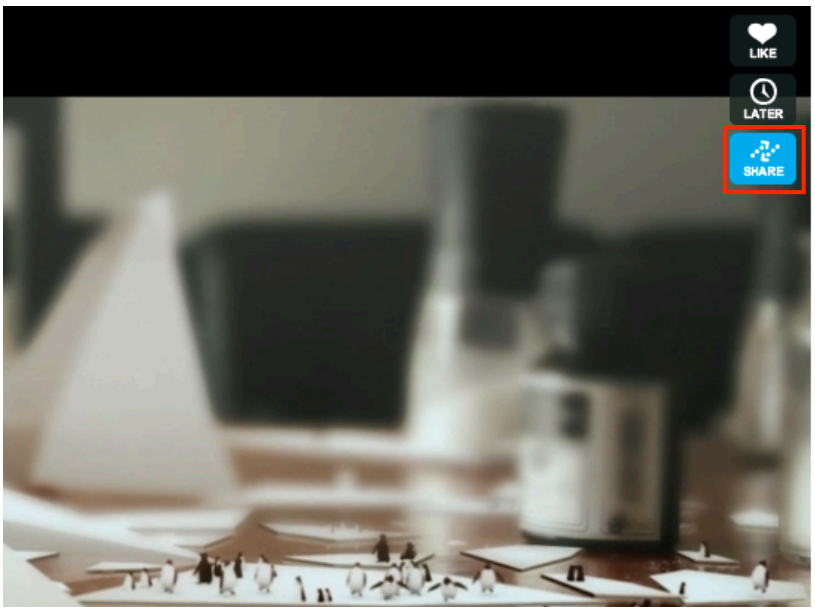
5. Go back to your Drupal page.

6. See page 6 for instructions to add URL to your Drupal page.

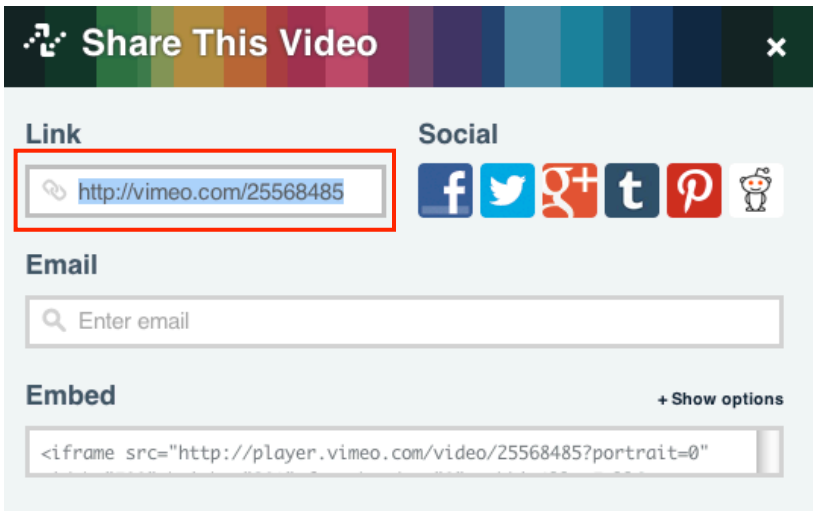
C. Vimeo

To insert media from Vimeo**:**

1. Open a new browser window.
2. Find the Vimeo video you want to share.
3. Move the cursor onto the video, and various buttons will appear on the top right corner.
4. Click on **Share** button.



5. A box will pop up. You will find the **URL** you need under **Link**.



6. Go back to your Drupal page

7. See page 6 for instructions to add URL to your Drupal page.

D. Flickr

To insert media from Flickr**:**

1. Open a new browser window. Find the Flickr photo set you want to insert.
2. Click on **Slideshow** on the upper right corner.

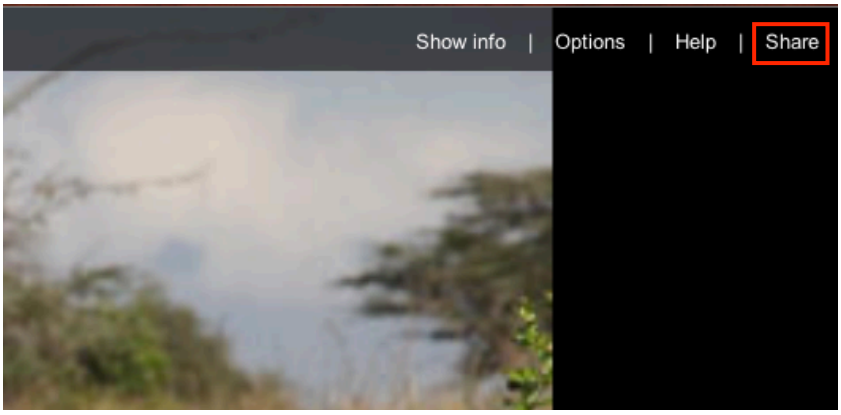
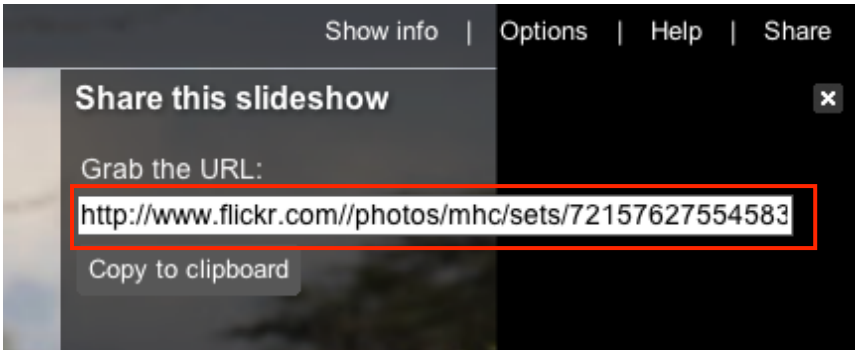
In August 2011, President Lynn Pasquerella led a team (which included physics professor Alexi Arango and her son, Spencer) to Kenya for the fourth year supporting the work of the African Center for Engineering Social Solutions. Her husband, photographer John Kuchle, took all of these images.

3. Move the cursor onto the photo, and various buttons will appear on the top right corner. Click on **Share** at the end.



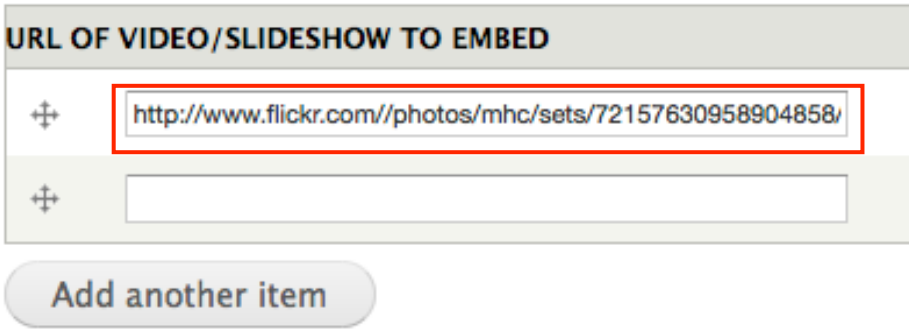
4. You will find the **URL** you need under **Grab the URL**.



5. Copy the correct **URL**. Go back to the **Drupal** page.
6. See page 6 for instructions to add URL to your Drupal page.

E. Add URL to Drupal Page

Under **URL OF VIDEO/SLIDESHOW TO EMBED**, paste in the correct URL(s).



Note: If appropriate, use **Add another item** to add multiple media.

F. Additional Information

Under **Transcript/Content**, you may add content, which will appear below the video/slideshow. You may leave it blank, or write a descriptive sentence, a short paragraph, or a whole article.
